Building Stronger Communities Together

SPACES PEOPLE POSSIBILITIES

About SS Infra

TWO LEGACIES • ONE VISION • NEXT GENERATION

Building on Experience. Creating What's Next.

SS INFRA brings together the experience, relationships and values built over decades by two established businesses — Sri Srinivasa Plywoods and Raja Hardware — with a new-generation vision for modern construction and project solutions.

SRI SRINIVASA PLYWOODS

Established in 1959, Sri Srinivasa Plywoods was founded by Mr. Manikyala Rao Nittala and has built a long-standing presence in the building-materials industry.

Today, Mr. Sriram Nittala represents the next generation, carrying forward this legacy with a contemporary approach to products, projects and customer service.

RAJA HARDWARE

Established in 1977, Raja Hardware was founded by Mr. Somaraju Gokavarapu and has developed decades of experience in hardware and building-material solutions.

Today, Mr. Ravikumar Tuniguntla represents the next generation, continuing the values of trust, reliability and long-term relationships.
